

Apsystems Accessories

YC500 AC Bus

Applicable models : YC500I

Provides the junction of the inverter's AC output side and grid connection

CSA/TUV certified

2,5mm² (14AWG), U-1000-RO2V (TC-ER)

Drop Length : 2M

YC500 AC Bus End Cap

Applicable models : YC500I

Provides water proof for the end of AC Bus

YC500 AC Bus T-CONN Cap

Applicable models : YC500I

Protects the unused T-CONN on the AC Bus

YC500 AC Connector Unlock Tool

Applicable models : YC500I

Unlocks the inverter and AC Bus

DC Male Connector Cap

Applicable models : YC500I / YC1000-3
Protects the unused DC Female Connector

DC Female Connector Cap

Applicable models : YC500I / YC1000-3
Protects the unused DC Female Connector

1 Standalone YC500 AC Branch Cable

Applicable models : YC500I

Provides one microinverter's AC cable to do the grid connection

0.75mm² (18AWG), U-1000 RO2V (TC-ER)

YC1000 AC Bus

Applicable models : YC1000-3

Provides the junction of the inverter's AC output side and grid connection

CSA/TUV certified

2,5mm² (14AWG), U-1000 RO2V (TC-ER)

Drop Length : 2M or 4M (optional)

YC1000 AC Bus End Cap

Applicable models : YC1000-3

Provides water proof for the end of AC Bus

YC1000 AC Bus T-CONN Cap

Applicable models : YC1000-3

Protects the unused T-CONN on the AC Bus
